Past members and friends of the Association were remembered in a minute of silence: Al Birch, Warren Henderson, Elsie Mains, Neil Ritchie and Dan Slack.

Lake Environment

Al Brown encouraged members to get in touch with Pete Olivo on Lakeshore Road for gypsy moth and lake water sampling information.

Michele La Rose enquired about the Loughborough Lake Environment study. Jack Robinson responded.

Jack Robinson brought to the attention of the members a summer issue of Cottage Life with a full article on septic tanks. He noted that tanks should be pumped out at least every three years.

Members were advised to pull out where possible the Loostrife that is quickly choking our wet lands.

There was no information to respond to Michele LaRose's enquiry about the possibility of the local dump leaking into the lake.

The founding date of the Association is to be researched. (Note: 1932)
