To date, over \$550 million has been raised worldwide for research in Terry's name through the Annual Terry Fox Run.

Beautification Partnerships

UCW Celebrates 50 Years in 2012

The United Church Women was formed in 1962 through the uniting of the Woman's Association (WA) and the Woman's Missionary Society (WMS); both organizations with impressive legacies. Over the ensuing 50 years, the UCW has upheld the faith and commitment of the women of the past while taking on the challenges of each new decade and forming an equally impressive legacy for women of the future. True to their multi-talented and energetic record, the women of the UCW are celebrating this 50-year milestone in a number of ways.

The Delta United Church Women start their fall meeting sessions on Wednesday, October 10th with a pot luck supper in the Church Hall at 6:00 p.m. followed by worship meeting at 7:00 p.m.

The UCW Prayer Shawl Ministry workshops will start again on Monday, October 15th at 9:30 a.m. with snacks and lunch provided. If you are interested in knitting or crocheting or if you would like to learn how, this is your opportunity to join us for a morning of fun and fellowship as we work around the table making prayer shawls. Prayer shawls mean so much to so many people...both women and men are welcome to join us.

Slips That Pass in the Night

A newspaper reporter noted that he tried to please everybody and since some people were always looking for mistakes, he included some to make them happy.

See if you can cope with these:

The Delta Mill Society is seeking suggestions from the public for developing the financial sustainability of the Old Stone Mill National Historic Site and Delta's Old Town Hall (while maintaining the mandate of the Delta Mill Society) in advance of a series of organizational strategic planning sessions being held this fall.

Since acquiring the Old Stone Mill in 1963, the Delta Mill Society's main goal was the restoration of the historic landmark and someday making the mill operational. The first goal was realized in 2002 after the building was fully restored, while the dream of seeing the mill operating was achieved in 2010. While maintenance on the mill will forever be an on-going proposition, the mill is now restored, equipped with interpretive museum exhibitions, and producing flour. The Delta Mill Society could not be more thrilled, but now the organization must focus on sustainability.

The Delta Mill Society has identified the Old Town Hall (which until 2012 housed the Museum of Industrial Technology) as a potential source of revenue generation. This fall the organization was successful in the application for an Ontario Trillium Foundation Grant which will help improve the overall usability of the space. The grant will allow for the installation of a vertical platform lift, a barrier-free washroom, and a Small Drinking Water System as well as renovations to the tin ceilings, walls and wood floors in the hall. Once these renovations have been completed, the Delta Mill Society hopes that the facility will prove to be a desirable rental venue in the community. In keeping with the organization's mandate, a travelling exhibition has been booked for installation in the space for the 2013 summer season.

The Delta Mill Society receives no regular operating funding from the Federal Government and relies on individual project-specific grants, donations and a small but committed volunteer force. There is no admission charged for visits to the Old Stone Mill National Historic Site, but donations are gratefully accepted. Thanks in part to grants; the Delta Mill Society employs the equivalent of one full time staff person and four local students each summer. Annual operating expenses of the Delta Mill Society are \$100,000. The organization has been very successful in meeting these expenses for a number of years, but without Bingo Revenue (the hall closed in 2011) and with dwindling funds available from government grants, this target is becoming more difficult to reach year after year. As the Delta Mill Society moves forward it must focus on revenue-generating activities and initiatives. The production and sale of the mill's stone-ground flour is one initiative, and it is hoped that the rental of the Old Town Hall space will prove to be another, but more are needed.

The Delta Mill Society is welcoming suggestions for developing the sustainability of the Old Stone Mill National Historic Site and for uses of the Old Town Hall from the community until October 12th, 2012. Interested parties are asked to submit their written comments by mail to the Delta Mill Society, P.O. Box 172, Delta, Ontario K0E 1G0.
